

ELBA ECO-220 FG

ELBA ECO-220 FG chain oil was developed specifically for all drive, control and transport chains subject to high temperatures and loads. It is ideal for use in bakery and other high temperature chain applications in the food industry. ELBA ECO-220 FG has excellent wear protection for extended chain life. Its low evaporation rate delivers a reduction in oil consumption, along with little or no deposits being left on the chain.

Typical Analysis

Product	CO-220 FG
Appearance	Yellow
Base Oil	Ester Oil
Viscosity (ASTM D-445)	
@40°C, cSt	220
@100°C, cSt	17
Operating temperature	0°C/32°F to 250°C/482°F
NSF Registered	Pending

Shelf Life: Product shelf life is 3 years from the date of manufacture, after which the product should be recertified prior to use.
